DAHLIAS:

PRICE LIST 1921

HENRY C. ECKERT

SPECIALIST

BELLEVILLE, ILLINOIS

I offer of my large collection of dahlias, only a few A No. 1 varieties, for sale this season. There are too many new dahlias introduced every year that produce only a few flowers late in the season, which does not pay the trouble of caring for them and give only dissatisfaction to the customers who buy them. I will have more to say about that in my next circular. The seven varieties offered in this list are all abundant bloomers, producing large crops of flowers for the cut flower trade. Single tubers will be send postpaid to any address in the United States, but no orders will be acceptable under one dollar.

Collection of the seven varieties, one strong root of each kind, will be mailed, postpaid, for \$1.50.
